

It's simple to send us your CDs.

Shipping your collection to Murfie HQ is easier than ever. Just follow the instructions below. If you have any questions, send us an email at [info@murfie.com](mailto:info@murfie.com).

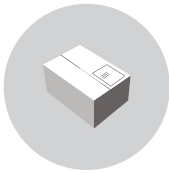

### 1. FIND A BOX

A good, sturdy cardboard box will keep your collection safe in transit. Feel free to use more than one box to ship your collection - CDs and jewel cases are heavy!

### 2. PACK UP YOUR DISCS

Put your CDs in the box. FYI, we only accept commercially licensed music CDs (no CD-Rs, DVDs, cassettes). Jewel cases, album art & liner notes are all optional. Position your discs with the spines up, in rows. Use the protective sleeves if you don't have cases. Fill any empty space in the box with wrapping paper.

### 3. SEAL AND LABEL

Seal up your box, using lotsa tape. (This thing can get heavy, you know—and we wouldn't want it to fall apart!) Address the shipping label to:

Murfie Cloud  
821 East Washington Avenue, Second Floor  
Madison, Wisconsin 53703

### 5. WAIT FOR CONFIRMATION

Sit tight, we'll shoot you an email once your kit arrives at Murfie HQ. Please allow 5 to 7 business days for package transit.

**FUN FACT:** Murfie has received and processed over 950,000 CDs and Vinyl from customers around the world. Your collection is safe with us!
